

You embody endangered species
the lost troop of bee-sized hummingbirds and
all the eruptions of earth ever, that is also you.

Volcanous you appear to me. rock solid crust —
cracker of sense, sumptuous liquid —
filler of all juice

You embody endangered species
for you they hunt to cage
for you they clap long fingers alongside the riverbed

You're a private Log Ness
a haunting harnesser of thought
a fantom figure of fulfil

You embody endangered species
live in encyclopedia for the wise
you activate the geology of thought
and sediment on the landscape of my physicality.
